Item #T61B - 4' Order Entry Counter and Over Shelf

Wall-Mounted Shelf Parts:

- (1) 1848NK2, Wire Shelf
- (2) Pairs of CC6022, Wall Shelf Brackets and Supports

Counter Systems Parts:

- (1) 2448FS, S/S Shelf
- (2) 2448NK2, Wire Shelves
- (4) 40" Posts

Item #T61C - 2' Order Entry Counter and Over Shelf

Wall-Mounted Shelf Parts:

- (1) 1824NK2, Wire Shelf
- (2) Pairs of CC6022, Wall Shelf Brackets and Supports

Counter Systems Parts:

- (1) 2424FS, S/S Shelf
- (2) 2424NK2, Wire Shelves
- (4) 40" Posts

Counter Systems Procedure:

1. Place a pair of Black Split Sleeves in the groove of each Post, 6" from the floor. The Black Split Sleeve is tapered with the bottom being thicker. Inside each half of the Black Split Sleeve is a bead. This bead fits into the groove on the Post. Place a Wire Shelf over the Black Split Sleeves. Secure in place by using a rubber mallet.
2. Place a pair of Black Split Sleeves in the groove of each Post, 17" from the floor. Place another Wire Shelf over the Posts and onto the Black Split Sleeves. Secure in place.
3. Place a pair of Black Split Sleeves in the top groove of each Post. Place the 24"x60" Stainless Steel Shelf onto the Black Split Sleeves. Secure in place.

Wall Shelving Procedure:

A. Mount the Wall Brackets according to the instructions provided with them. The Wall Brackets should be placed 60" from the floor.
